

## Information for the families of MLL child care service 2018

Mannerheim League for Child Welfare new booking system is operating from on 4.12. 2018 at <https://lastenhoito.mll.fi/> (same address as before). The family must register to the new booking system at <https://lastenhoito.mll.fi/> or by calling to the child care services during Mon-Fri time 8-12, tel. 044 030 3301. The user accounts of the old booking system will stop working at 1.12.2018.

The new and modern booking system allows the families to search for a carer even during evening time and weekends. Families can now contact and offer the jobs to the carers directly. MLL child care phone service is still helping families on weekdays time 8-12 and you can make an order by calling or via internet booking system. You can also use the new booking system on mobile.

If the families need information from the old booking system (for example payment slips for the taxes) they need to get the reports from their user account 30.11.2018 at the latest.

If you need any help with registration or you want more information about the new booking system, you can contact our child care phone service on weekdays time 8-12 tel. 044 030 3301.
